

**ENGINEERING H192
PRELIMINARY ASSIGNMENT 06**

Complete the printf statements below under ANSWER:

ANSWER

The following program needs to be completed so that the printout is aligned exactly as shown below. The output has 3 spaces to the left of each number:

```
/* This is the program */  
  
#include <stdio.h>  
int main ( )  
{  
    int b = 21;  
    float a = 15.01, c = 362.104;  
    printf("????\n");  
    printf("????\n",a ,b ,c);  
}
```

```
/* Below is the desired output */  
This is my output  
    15.01    21    362.10
```

```
printf("_____ \n");  
printf("_____ \n", a,b,c);
```

Name _____ Instr. _____ Room _____ Seat _____ Hour _____
